

Daily Home Screening for Students

Parents: Please complete this short symptom screening with your child each morning before coming to school. If negative, nothing further needs to be done. If any symptom is positive, report your child's information to Kim Kramer, Suzanne Barker, or Juli Maikai at Immanuel Christian School and keep your child home from school while self-quarantining.

SECTION 1: Symptoms If your child has any of the following symptoms, that indicates a possible illness that may decrease the student's ability to learn and also put them at risk for spreading illness to others. Please check your child for these symptoms:

	Temperature 100.4 degrees Fahrenheit or higher when taken by mouth
	Sore throat
	New uncontrolled cough that causes difficulty breathing (for students with chronic allergic/asthmatic cough, a change in their cough from baseline)
	Diarrhea, vomiting, abdominal pain, loss of taste/smell,
	New onset of severe headache, especially with a fever; muscle or body aches

SECTION 2: Close Contact/Potential Exposure

	Had close contact (within 6 feet of an infected person for at least 15 minutes) with a person with confirmed COVID-19
	Traveled to or lived in an area where the local, Tribal, territorial, or state health department is reporting large numbers of COVID-19 cases as described in the Community Mitigation Framework
	Live in areas of high community transmission (as described in the Community Mitigation Framework) while the school remains open
