

New School Opening!

A Message from our Principal

The last year has been very hard on parents, educators; and most of all, on students. A year is a very long time in the education of a child. To lose all or part of that learning will certainly have lasting effects for many of today's students. As educators, we couldn't bear see to this happen without trying to do something about it. So, we decided we should form a school that could help accelerate learning for elementary students who may have lost learning during the pandemic and be a strong jump start into their educational careers for those that are just starting school this year. We have been hard at work during this pandemic writing curricula, building community partnerships, and creating an educational environment where young minds can flourish and grow.

We are extremely excited to announce that we are opening BEAS Academy elementary school!

Our theme for this school year is "Ride the Wave: Unite, Adapt, Grow." Although there are many aspects of this year that remains unpredictable, we are committed to uniting with you in order to "ride the wave" together. Our mission and focus are on high-quality instruction our school goals are focused on Social and Emotional Learning, Mathematics, Literacy, and Project Based Learning instruction. As we prepare to welcome our students, I want to highlight our initiatives for social emotional learning and also communicate about familiar structures. As educators we recognize how COVID -19 has had a great impact on our community and our children. Fostering a positive learning environment in our school and classrooms where students feel safe, welcomed, cared for, and appreciated is a top priority.

As the principal of BEAS Academy, I want to invite you to take interest in our school. Whether you are a

parent or member of the community, there are many ways you can get involved to help make BEAS Academy a wonderful new addition to the community. You can also follow our progress on [Facebook](#) and [Instagram](#) as we build BEAS Academy together

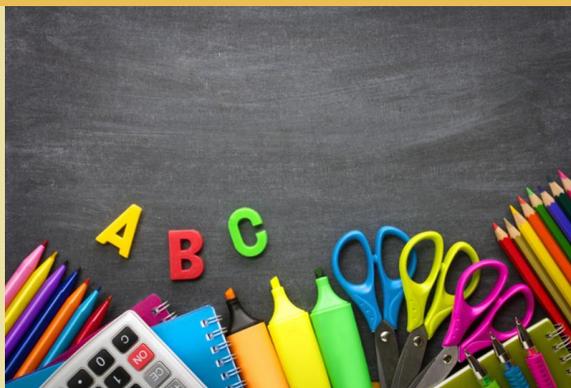

Speaking for all of us, We look forward to welcoming our students and ensuring they get the perfect start to a new school year!

Sincerely,
Pete Stirling

About Our School

BEAS Academy is a private K-6 elementary school and is located on the grounds of the Crossroads Church at 5501 Dewey Drive, Fair Oaks, California. The campus is surrounded by natural light that pours into each classroom, giving the students the opportunity to learn and grow in an environment aesthetically conducive to learning. The facility also includes a multi-purpose room, outdoor play areas for recess, organized sports and an area for gardening. The outdoor classroom demonstrates our continued dedication to environmental education.

Our Mission

BEAS Academy provides support to families and helps students improve academic performance, close achievement gaps, enhance social-emotional well-being, and increase lifelong potential for success through our elementary school, after-school program, and parent education.

Our Focus

Learning is our school's central focus and we at BEAS Academy believe that children are natural learners and that all student's can and will learn when given the right environment. We have created such an environment that provides excellence in teaching and learning so that all students will participate responsibly in our diverse and changing world. It is our responsibility to provide a positive and challenging environment where all students will achieve academic, social, emotional and physical success.
